Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2020

The following is a discussion and analysis of the North Carolina State Board of Barber Examiners' (the "Board") financial performance for the fiscal year ended June 30, 2020. The following financial statements and footnotes comprise our complete set of financial information. The Management's Discussion and Analysis identifies significant transactions that have financial impact and highlights favorable and unfavorable trends. Comparative data for the current year and the previous two years are presented in the analysis.

# **Financial Highlights**

The operating revenues of the Board decreased by \$69,824 or 8.93%, primarily due to a decrease in exam fees and late fees. Due to the pandemic, the North Carolina General Assembly authorized agencies to take actions that would offer relief to members of the public. The Board enacted emergency rules to delay the license renewal date from May 31, 2020, to July 31, 2020, effectively extending the renewal period into the next fiscal year. As a result, some renewal-based revenues were displaced into the next fiscal year, and this displacement affected the Board's fiscal year 2020 revenues. Historically, a substantial number of licensees wait until the last month of the renewal period to renew. In addition, the Board postponed exams to decrease the risk of viral transmission and resumed them in July 2020. This delay also contributed to the decline in revenues.

The operating expenses of the Board increased by \$1,228 or 0.20%, primarily due to salaries, and the OPEB-related expenses in the current year. These increases were offset by decreases in general office related expenses, including postage expenses, accounting services, and other contracted services.

The deficit in unrestricted net position at June 30, 2020 reflects the reporting requirements under GASB Statement No. 75 Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, which was effective for fiscal years beginning after June 15, 2017. The Board participates in two Other Postemployment Benefit ("OPEB") plans administered by the State of North Carolina: the Retiree Health Benefit Fund ("RHBF") and the Disability Income Plan of North Carolina ("DIPNC"). The reporting requirement reflects the liability recognized for the Board's proportionate share of the collective net RHBF liability, which was \$424,621 as of June 30, 2020, and \$387,347 as of June 30, 2019. See Footnote 6 to the financial statements for further discussion.

### **Overview of the Basic Financial Statements**

This discussion and analysis is an introduction to the Board's basic financial statements, which are comprised of the following components: 1) Statements of Net Position, 2) Statements of Revenues, Expenses and Changes in Net Position, 3) Statements of Cash Flows, and 4) Notes to Financial Statements. These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

### **Basic Financial Statements**

The basic financial statements of the Board report information about the Board using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about the activities of the Board.

Management's Discussion and Analysis

For The Fiscal Year Ended June 30, 2020

The Statements of Net Position present the current and noncurrent positions of assets and liabilities separately.

The Statements of Revenues, Expenses, and Changes in Net Position present information on how the Board's net position changed as a result of the year's operations.

The Statements of Cash Flows present information on how the Board's cash changed as a result of the year's activity.

The following presents condensed financial information on the operations of the Board as of and for the year ended June 30:

	 2020	2019		<b>2020</b> 2019		 2018	
Current assets	\$ 730,882	\$	764,449	\$ 659,649			
Noncurrent assets	578		419	831			
Capital assets - net of depreciation	37,568		33,369	24,822			
Total assets	769,028		798,237	685,302			
Deferred outflows of resources	 112,382		119,627	 95,290

Non-operating revenues	 12,783		8,955	 5,699			
Changes in net position	\$ 119,033	\$	186,257	\$ 147,298			

# **Events Affecting Future Operations**

The Board's long-term financial outlook has improved substantially, following spending cuts made in fiscal year 2016. These cuts have had a negative impact on operations, which the Board is addressing by increasing its online transactions and requesting authorization from the General Assembly to increase fees. The Board believes that modest fee increases, perhaps based on the Consumer Price Index, would allow it to continue building on its financial health while improving efficiency and operations.

Management's Discussion and Analysis For The Fiscal Year Ended June 30, 2020

# **Events Affecting Future Operations (Continued)**

The primary uncertainty concerning fiscal year 2020 is the ongoing response to the COVID-19 pandemic. During the year ended June 30, 2020, Board revenues and collections decreased due to the postponement of exams. Additionally, the Board extended the renewal deadline from May 31, 2020 until July 31, 2020. The Board resumed exams in July 2020. The Board will continue to remain in compliance with North Carolina Governor Cooper's orders and follow the guidance of the Center for Disease Control and Prevention.

The Board has committed to making all application and public-facing business processes online by the end of fiscal year 2022. This goal will continue to improve efficiency and financial controls, but the Board also will need to make capital expenditures in order to accomplish that goal. The Board believes that the goal's timeline will allow the Board to continue to build its net assets.

The Board has signed a five year lease for new office space and takes possession of the new space on October 1, 2020.

# **Contacting the Board's Management**

This financial report is designed to provide a general overview of the Board's finances and to demonstrate the Board's accountability for the money it receives and expends. If you have any questions about this report or need additional information, contact the North Carolina State Board of Barber Examiners, 7001 Mail Service Center, Raleigh, NC 27699-7000.

### **Independent Auditor's Report**

Members of the Board North Carolina State Board of Barber Examiners Raleigh, North Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the North Carolina State Board of Barber Examiners (the "Board"), an enterprise fund of the State of North Carolina, which comprise the statements of net position as of June 30, 2020 and 2019, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these basic financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these basic financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# **Opinion**

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the North Carolina State Board of Barber Examiners as of June 30, 2020 and 2019, and its changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Emphasis of Matter**

As discussed in Note 1, these financial statements are presented only for the North Carolina State Board of Barber Examiners and do not purport to and do not present fairly the financial position of the State of North Carolina as of June 30, 2020 and 2019, nor the changes in its financial position and its cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, on pages 1 - 3, the Schedules of Proportionate Share of Net Pension Liability and Board Contributions - Teachers' and State Employees' Retirement System on page 27; Proportionate Share of Net OPEB Liability and Schedule of Board Contributions - Retiree Health Benefit Fund and Disability Income Plan of North Carolina on page 28; and Schedule of Changes in the Total OPEB Liability and Related Ratios on page 29; be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

# **Description of Organization**

The North Carolina State Board of Barber Examiners (the "Board") is an independent State agency. It is an occupational licensing board authorized by Chapter 86A of the *North Carolina General Statutes*. The five Board members are appointed by the Governor of the State of North Carolina. The Board is entitled to the services of the Attorney General of North Carolina.

The Board's function is to maintain minimum standards for services provided by barbers, barber apprentices, barber instructors, barber shops, and barber schools. The Board's operations are funded primarily through license fees, license examination fees and other income.

# **Financial Reporting Entity**

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and may be reported as such in the State's *Comprehensive Annual Financial Report* (CAFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

### **Basis of Presentation**

The accompanying basic financial statements have been prepared in accordance with GAAP as prescribed by the Governmental Accounting Standards Board (GASB). Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

## **Basis of Accounting**

The basic financial statements of the Board have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when a liability has been incurred, regardless of the timing of the cash flows. Fees received for the various licenses are deemed earned when the license period begins. The Board classifies its revenues and expenses as operating or non-operating in the accompanying Statements of Revenues, Expenses, and Changes in Net Position. Operating revenues and expenses generally result from providing services that are necessary to the Board's principal ongoing operations.

### **Notes to Financial Statements**

# NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

# **Basis of Accounting (Continued)**

Operating revenues include activities that have characteristics of exchange transactions and consist primarily of license renewal and examination fees. Operating expenses are all expense transactions other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting. Non-operating revenues and expenses include activities that have characteristics of non-exchange transactions and consist primarily of investment activities.

### Cash - State Treasurer

This classification consists of funds deposited by the Board with the cash accounts of the North Carolina State Treasurer. Because these funds are immediately available for expenditure, they are considered a cash equivalent.

### **Accounts Receivable**

Accounts receivable consist of civil penalties and legal fees due from administrative proceedings and are shown at book value less an allowance for doubtful accounts which is based on management's review of past due accounts and collection history. At June 30, 2020 and 2019, the allowance was \$19,200.

### **Capital Assets**

Capital assets are recorded at cost at the date of acquisition. The Board capitalizes assets that have a cost of \$5,000 or greater at the date of acquisition and an expected useful life of two years or greater. Depreciation is computed using the straight-line method over the following useful lives:

Equipment, furniture and software 3 - 10 years

When an asset is disposed of, the cost of the asset and the related accumulated depreciation are removed from the books. Any gain or loss on disposition is reflected in non-operating revenue or expense for the period.

### **Unearned Revenues**

Licenses are renewed for a period of one year. License applications, renewal fees, and exam fees received in advance are deferred and recognized as revenue in the period to which they relate.

### **Accrued Vacation**

The vacation policy of the Board provides for the accumulation of up to 30 days earned vacation leave with such leave being fully vested when earned.

# NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

# **Deferred Outflows and Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element called deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense until then. The Board has the following items that meet the criterion for this category: contributions made to the pension plan, disability plan, and the retirement health benefit plan, and deferrals of pension assets and other postemployment benefit assets that resulted from the implementation of GASB Statement No. 68 and GASB Statement No. 75. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, called deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Board has the following items that meet the criterion for this category: Deferrals of pension expense and other postemployment benefit expense that resulted from the implementation of GASB Statement No. 68 and GASB Statement No. 75.

### **Net Position**

The Board's net position is classified as follows:

Investment in Capital Assets - This represents the Board's total investment in capital assets, net of accumulated depreciation.

*Unrestricted* - This represents assets with no external restriction as to use or purpose. Unrestricted net assets can be employed for any purpose designated by the governing board, as distinguished from funds restricted externally for specific purposes.

# **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates, resulting in adjustments in future periods.

### NOTE 2 - DEPOSITS - CUSTODIAL CREDIT RISK

### Cash - State Treasurer

Deposits include cash on deposit with the State Treasurer. It is the State Treasurer's policy and practice for deposits not covered by federal depository insurance to be covered by collateral held by the State of North Carolina's agent in the name of the State.

### **NOTE 3 - CAPITAL ASSETS**

Capital assets are comprised of the following:

	Cost 6/30/2019	Additions	Disposals	Cost 6/30/2020	Accum.  Depreciation	Net Amount
Equipment/						
furniture/ software	\$ 192,124	\$ 11,085	\$ -	\$ 203,209	\$ 165,641	\$ 37,568
	Cost			Cost	Accum.	Net
	6/30/2018	Additions	Disposals	6/30/2019	Depreciation	Amount
Equipment/						
furniture/						
software	\$ 185,283	\$ 16,070	\$ (9,229)	\$ 192,124	\$ 158,755	\$ 33,369

### **NOTE 4 - ACCRUED VACATION**

Accrued vacation consisted of the following at June 30:

	2020	2019
Beginning accrued vacation	\$ 33,163	\$ 40,627
Vacation earned	20,999	17,806
Vacation used	(18,870)	(25,270)
Ending accrued vacation	\$ 35,292	\$ 33,163

### **NOTE 5 - PENSION PLAN**

### **Plan Administration**

The State of North Carolina administers the Teachers' and State Employees' Retirement System (TSERS) plan. This plan is a cost-sharing, multiple-employer, defined benefit plan established by the State to provide pension benefits for general employees and law enforcement officers (LEOs) of the State, general employees and LEOs of its component units, and employees of Local Education Agencies (LEAs) and charter schools not in the reporting entity. Membership is comprised of employees of the State (state agencies and institutions), universities, community colleges, and certain proprietary component units along with the LEAs and charter schools that elect to join the Retirement System. Benefit provisions are established by General Statute 135-5 and may be amended only by the North Carolina General Assembly.

### **Benefits Provided**

TSERS provides retirement and survivor benefits. Retirement benefits are determined as 1.82% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's 4 highest consecutive years of compensation. General employee plan members are eligible to retire with full retirement benefits at age 65 with 5 years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. General employee plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with 5 years of membership service.

# **Benefits Provided (Continued)**

Survivor benefits are available to eligible beneficiaries of general members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 5 years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases.

### **Contributions**

Contribution provisions are established by General Statute 135-8 and may be amended only by the North Carolina General Assembly. Plan members are required to contribute 6% of their annual pay. The contribution rate for employers is set each year by the North Carolina General Assembly in the Appropriations Act and may not be less than the contribution rate require of plan members. The Board's contractually-required contribution rates for the years ended June 30, 2020 and 2019 were 12.97% and 12.29% of covered payroll, respectively. The Board's contributions to the pension plan were \$34,519 and employee contributions were \$13,378 for the year ended June 30, 2020.

The TSERS Plan's financial information, including all information about the plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position, is included in the State of North Carolina's fiscal year 2019 *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page http://www.osc.nc.gov/ and clicking on "Reports" or by calling the State Controller's Financial Reporting Section at (919) 707-0500.

### **TSERS Basis of Accounting**

The financial statements of the TSERS plan were prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. The plan's fiduciary net position was determined on the same basis used by the pension plan.

#### Methods Used to Value TSERS Investment

Pursuant to North Carolina General Statutes, the State Treasurer is the custodian and administrator of the retirement systems. The State Treasurer maintains various investment portfolios in its External Investment Pool. The pension trust funds are the primary participants in the Long-term Investment portfolio and the sole participants in the External Fixed Income Investment, Equity Investment, Real Estate Investment, Alternative Investment, Credit Investment, and Inflation Protection Investment portfolios. The investment balance of each pension trust fund represents its share of the fair market value of the net position of the various portfolios within the pool. The Fixed Income Asset Class includes the Long-term Investment and External Fixed Income Investment portfolios. The Global Equity Asset Class includes the Equity Investment portfolio. The investment balance of each pension trust fund represents its share of the fair market value of the net position of the various portfolios within the pool.

# Methods Used to Value TSERS Investment (Continued)

Additionally, the securities lending balance represents assets occurring from securities lending transactions that result from the systems' participation in the pool. Descriptions of the investments of the TSERS plan are included in the State of North Carolina's fiscal year 2019 Comprehensive Annual Financial Report.

### **Net Pension Liability**

At June 30, 2020, the Board reported a liability of \$161,725 for its proportionate share of the collective net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018, and update procedures were used to roll forward the total pension liability to June 30, 2019. The Board's proportion of the net pension liability was based on the present value of future salaries for the Board relative to the present value of future salaries for all participating employers, actuarially-determined. As of June 30, 2020, the Board's proportion was 0.00156%, compared to 0.00160% as of June 30, 2019.

### **Actuarial Assumptions**

The following table presents the actuarial assumptions used to determine the total pension liability for the TSERS plan at the actuarial valuation date:

Valuation Date	12/31/2018
Inflation	3%
Salary Increases*	3.5% - 8.10%
Investment Rate of Return**	7.0%

- \* Salary increases include 3.5% inflation and productivity factor.
- \*\* Investment rate of return includes inflation assumption and is net of pension plan investment expense.

TSERS currently uses mortality tables that vary by age, gender, employee group (i.e. teacher, general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuations were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc Cost of Living Adjustment (COLA) amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections.

# **Actuarial Assumptions (Continued)**

Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 (the valuation date) are summarized in the following table:

Long-Term Expect	
Asset Class	Real Rate of Return
Fixed Income	1.40%
Global Equity	5.30%
Real Estate	4.30%
Alternatives	8.90%
Opportunistic Fixed Income	6.00%
Inflation Protection	4.00%

The information above is based on 30-year expectations developed with the consulting actuary and is part of the asset liability and investment policy of the North Carolina Retirement Systems. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized. The long-term expected real rate of return for the Bond Index Investment Pool as of June 30, 2019 is 1.4%.

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.0%. This discount rate is in line with the long-term nominal expected return on pension plan investments. The calculation of the net pension liability is a present value calculation of the future net pension payments. These net pension payments assume that contributions from plan members will be made at the current statutory contribution rate and that contributions from employers will be made at the contractually required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the plan calculated using the discount rate of 7.0%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.0%) or 1-percentage point higher (8.0%) than the current rate (dollars in thousands):

1% Decrease	Current Discount Rate	1% Increase
(6.00%)	(7.00%)	(8.00%)
\$307,808	\$161,725	\$39,180

### Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the Board recognized pension expense of \$53,887. At June 30, 2020, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

# Employer Balances of Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension by Classification

	Deferred	Deferred	
	Outflows of	Inflows of	
	Resources	Resources	
Difference between actual and expected experience	\$ 13,528	\$ 324	
Changes of assumptions	17,232	-	
Net difference between projected and actual earnings on pension plan investments	3,100	-	
Changes in proportion and differences between employer contributions and proportionate share of contributions	4,848	7,158	
Employer contributions subsequent to the	,,,,,	,,	
measurement date	34,519		
	\$ 73,227	\$ 7,482	

The amount reported as deferred outflows of resources related to pensions of \$34,519 will be included as a reduction of the net pension liability in the fiscal year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending June 30:	_		
2021	\$	;	19,968
2022			7,127
2023			3,048
2024			1,083

### NOTE 6 - OTHER POSTEMPLOYMENT BENEFIT PLANS

The Board participates in two Other Postemployment Benefit ("OPEB") plans administered by the State of North Carolina: the Retiree Health Benefit Fund ("RHBF") and the Disability Income Plan of North Carolina ("DIPNC"). Although the assets of the administered plans are commingled for investment purposes, each plan's assets may be used only for payment of benefits to members of that plan and for related administrative costs.

The financial statements of the Retiree Health Benefit Fund and the Disability Income Plan of North Carolina were prepared using the accrual basis of accounting. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of each plan.

Pursuant to North Carolina General Statutes, the State Treasurer is the custodian and administrator of the OPEB funds. The State Treasurer maintains various investment portfolios in its External Investment Pool. The Retiree Health Benefit Fund participates in the External Investment Pool. The Disability Income Plan is invested in the Short-term Investment Portfolio of the External Investment Pool and the Bond Index External Investment Pool.

Each plan's financial information including all information about the plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position, is included in the State of North Carolina's fiscal year 2019 Comprehensive Annual Financial Report. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page http://www.osc.nc.gov/and clicking on "Reports" in the "Public Information" menu or by calling the State Controller's Financial reporting Section at (919)707-0500.

### **Plan Descriptions:**

### **Retirement Health Benefit Fund (RHBF)**

### Plan Administration

The State of North Carolina administers the North Carolina State Health Plan for Teachers and State Employees, referred to as the State Health Plan (the Plan), a healthcare plan exclusively for the benefit of employees of the State, the University of North Carolina System, community colleges, and certain other component units. In addition, Local Education Agencies (LEAs), charter schools, and some select local governments also participate. Management of the Plan is vested in the State Health Plan Board of Trustees.

### **Notes to Financial Statements**

### NOTE 6 - OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

# **Retirement Health Benefit Fund (RHBF) (Continued)**

Plan Administration (Continued)

The RHBF has been established as a fund to provide health benefits to retired and disabled employees and their applicable beneficiaries. RHBF is established by General Statute 135-7, Article 1. RHBF is a cost-sharing, multiple-employer, defined benefit healthcare plan, exclusively for the benefit of former employees of the State, the University of North Carolina System, and community colleges. In addition, Local Education Agencies (LEAs), charter schools and some select local governments also participate.

By statute, RHBF is administered by the Board of Trustees of the Teachers' and State Employees' Retirement System. RHBF is supported by a percent of payroll contribution from participating employing units. Each year the percentage is set in legislation, as are the maximum per retiree contributions from RHBF to the State Health Plan. The State Treasurer, with the approval of the State Health Plan Board of Trustees, then sets the employer contributions (subject to the legislative cap) and the premiums to be paid by retirees, as well as the health benefits to be provided through the State Health Plan.

# Benefits Provided

RHBF provides benefits to retired employees and disabled employees. Those former employees who are eligible to receive medical benefits from RHBF are long-term disability beneficiaries of the "DIPNC" and retirees of the Teachers' and State Employees' Retirement System (TSERS), with five or more years of contributory membership service in their retirement system prior to disability or retirement, with the following exceptions: for employees first hired on or after October 1, 2006, future coverage as retired employees is subject to the requirement that the future retiree have 20 or more years of retirement service credit in order to receive coverage on a noncontributory basis. Employees first hired on or after October 1, 2006 with 10 but less than 20 years of retirement service credit are eligible for coverage on a partially contributory basis. For such future retirees, the State will pay 50% of the State Health Plan's total noncontributory premium. Employees first hired on or after October 1, 2006 with 5 but less than 10 years of retirement service credit are eligible for coverage on a fully contributory basis. RHBF's benefit and contribution provisions are established by Chapter 135-7, Article 1, and Chapter 135, Article 3B of the General Statutes and may be amended only by the North Carolina General Assembly. RHBF does not provide for automatic post-retirement benefit increases.

### **Contributions**

By General Statute, accumulated contributions from employers to RHBF and any earnings on those contributions shall be used to provide health benefits to retired and disabled employees and their applicable beneficiaries. By statute, contributions to the RHBF are irrevocable. Also by law, RHBF assets are dedicated to providing benefits to retired and disabled employees and their applicable beneficiaries and are not subject to the claims of creditors of the employers making contributions to RHBF. However, RHBF assets may be used for reasonable expenses to administer RHBF, including costs to conduct required actuarial valuations of state-supported retired employees' health benefits. Contribution rates to RHBF, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis, are determined by the General Assembly in the Appropriations Bill.

### **Notes to Financial Statements**

### NOTE 6 - OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

# **Retirement Health Benefit Fund (Continued)**

The Board and other employers contributed the legislatively mandated contribution rate of 6.47% and 6.27% of covered payroll for the fiscal years ended June 30, 2020 and June 30, 2019, respectively. The Board's contributions to the RHBF were \$17,220 for the year ended June 30, 2020.

# **Disability Income Plan of NC (DIPNC)**

### Plan Administration

Short-term and long-term disability benefits are provided through the DIPNC, a cost-sharing, multiple-employer defined benefit plan, to the eligible members of the Teachers' and State Employees' Retirement System which includes employees of the State, the University of North Carolina system, community colleges, certain participating component units and Local Education Agencies (LEAs), and the University Employees' Optional Retirement Program.

By statute, the DIPNC is administered by the Department of State Treasurer and the Board of Trustees of the Teachers' and State Employees' Retirement System.

# Benefits Provided

Long-term disability benefits are payable as an other postemployment benefit from DIPNC after the conclusion of the short-term disability period or after salary continuation payments cease, whichever is later, for as long as an employee is disabled. An employee is eligible to receive long-term disability benefits provided the following requirements are met: (1) the employee has five or more years of contributing membership service in the Teachers' and State Employees' Retirement System (TSERS), earned within 96 months prior to the end of the short-term disability period or cessation of salary continuation payments, whichever is later; (2) the employee must make application to receive long-term benefits within 180 days after the conclusion of the short-term disability period or after salary continuation payments cease or after monthly payments for Workers' Compensation cease (excluding monthly payments for permanent partial benefits), whichever is later; (3) the employee must be certified by the Medical Board to be mentally or physically disabled for the further performance of his/her usual occupation; (4) the disability must have been continuous, likely to be permanent, and incurred at the time of active employment; (5) the employee must not be eligible to receive an unreduced retirement benefit from the TSERS; and (6) the employee must terminate employment as a permanent, full-time employee. An employee is eligible to receive an unreduced retirement benefit from the TSERS after (1) reaching the age of 65 and completing five years of membership service, or (2) reaching the age of 60 and completing 25 years of creditable service, or (3) completing 30 years of creditable service, at any age.

For employees who had 5 or more years of membership service as of July 31, 2007, during the first 36 months of the long-term disability period, the monthly long-term disability benefit is equal to 65% of one-twelfth of an employee's annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period, plus the like percentage of one-twelfth of the annual longevity payment and local supplements to which the participant or beneficiary would be eligible. The monthly benefits are subject to a maximum of \$3,900 per month reduced by any primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled, but the benefits payable shall be no less than \$10 a month.

### **Notes to Financial Statements**

### NOTE 6 - OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

# **Disability Income Plan of NC (DIPNC) (Continued)**

Benefits Provided (Continued)

After the first 36 months of the long-term disability, the long-term benefit is calculated in the same manner as described above except the monthly benefit is reduced by an amount equal to a monthly primary Social Security disability benefit to which the participant or beneficiary might be entitled had Social Security disability benefits been awarded. When an employee qualifies for an unreduced service retirement allowance from the TSERS, the benefits payable from DIPNC will cease, and the employee will commence retirement under the Teachers' and State Employees' Retirement System.

For employees who had less than five years of membership service as of July 31, 2007, and meet the requirements for long-term disability on or after August 1, 2007, during the first 36 months of the long-term disability period, the monthly long-term benefit shall be reduced by an amount equal to the monthly primary Social Security retirement benefit to which the employee might be entitled should the employee become age 62 during the first 36 months. This reduction becomes effective as of the first day of the month following the month of initial entitlement to Social Security benefits. After the first 36 months of the long-term disability, no further benefits are payable under the terms of this section unless the employee has been approved and is in receipt of primary Social Security disability benefits.

#### **Contributions**

Although the DIPNC operates on a calendar year, disability income benefits are funded by actuarially determined employer contributions that are established in the Appropriations Bill by the General Assembly and coincide with the state fiscal year. For the fiscal year ended June 30, 2020, the Board made a statutory contribution of 0.10% of covered payroll, which totaled \$266. This was equal to the actuarially required contribution.

Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes and may be amended only by the North Carolina General Assembly. The plan does not provide for automatic post-retirement benefit increases.

# **Net Other Postemployment Benefits Liability and Asset**

*Net OPEB Liability:* At June 30, 2020, the Board reported a liability for the RHBF of \$424,621 for its proportionate share of the collective net RHBF liability. The net RHBF liability was measured as of June 30, 2019. The total RHBF liability used to calculate the net RHBF liability was determined by an actuarial valuation as of December 31, 2018, and update procedures were used to roll forward the total RHBF liability to June 30, 2019. The Board's proportion of the net RHBF liability was based on the present value of future salaries for the Board relative to the present value of future salaries for all participating employers, actuarially-determined. As of June 30, 2020, the Board's proportion was 0.00134%, compared to 0.00136% as of June 30, 2019.

*Net OPEB Asset:* At June 30, 2020, the Board reported an asset for the DIPNC of \$578 for its proportionate share of the collective net DIPNC asset. The net DIPNC asset was measured as of June 30, 2019. The total DIPNC asset used to calculate the net DIPNC asset was determined by an actuarial valuation as of December 31, 2018, and update procedures were used to roll forward the total DIPNC asset to June 30, 2019.

# **Net Other Postemployment Benefits Liability and Asset (Continued)**

The Board's proportion of the net DIPNC asset was based on the present value of future salaries for the Board relative to the present value of future salaries for all participating employers, actuarially-determined. As of June 30, 2020, the Board's proportion was 0.00134%, compared to 0.00138% as of June 30, 2019.

# **Actuarial Assumptions**

The total OPEB liabilities for RHBF and DIPNC were determined by actuarial valuations as of December 31, 2018, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified. The total OPEB liabilities were then rolled forward to June 30, 2019 utilizing update procedures incorporating the actuarial assumptions.

	RHBF	DIPNC
Valuation Date	12/31/2018	12/31/2018
Inflation	3.00%	3.00%
Salary Increases*	3.5% - 8.10%	3.5% - 8.10%
Investment Rate of Return**	7.00%	3.75%
Healthcare Cost Trend Rate - Medical	5.0% - 6.50%	5.0% - 6.50%
Healthcare Cost Trend Rate - Prescription Drug	5.0% - 9.50%	5.0% - 9.50%
Healthcare Cost Trend Rate - Medicare Advantage	5.0% - 6.50%	N/A
Healthcare Cost Trend Rate - Administrative	3.00%	N/A

<sup>\*</sup> Salary increases include 3.5% inflation and productivity factor.

The OPEB plans currently use mortality tables that vary by age, gender, employee group (i.e. teacher, general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. DIPNC is primarily invested in the Bond Index Investment Pool as of June 30, 2019.

<sup>\*\*</sup> Investment rate of return includes inflation assumption and is net of pension plan investment expense.

Actuarial Assumptions (Continued)

Best estimates of real rates of return for each major asset class included in the RHBF's target asset allocation as of June 30, 2019 are summarized in the following table:

	Long-Term Expected
Asset Class	Real Rate of Return
Fixed Income	1.40%
Global Equity	5.30%
Real Estate	4.30%
Alternatives	8.90%
Opportunistic Fixed Income	6.00%
Inflation Sensitive	4.00%

The information in the preceding table is based on 30 year expectations developed with the consulting actuary and is part of the asset liability and investment policy of the North Carolina Retirement Systems. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. Return projections do not include any excess return expectations over benchmark averages. All rates of return and inflation are annualized. The long-term expected real rate of return for the Bond Index Investment Pool as of June 30, 2019 is 1.4%.

Actuarial valuations of the plans involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial assumptions used for RHBF are consistent with those used to value the pension benefits of the TSERS where appropriate. These assumptions are based on the most recent pension valuations available. The discount rate used for RHBF reflects a pay-as-you-go approach.

Projections of benefits for financial reporting purposes of the plans are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. Historically, the benefits funded solely by employer contributions applied equally to all retirees. Currently, as described earlier in the note, benefits are dependent on membership requirements.

The actuarial methods and assumptions used for DIPNC include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial assumptions used in the December 31, 2018 valuations were generally based on the results of an actuarial experience study prepared as of December 31, 2014, as amended for updates to certain assumptions (such as the long-term investment return, medical claims, and medical trend rate assumptions) implemented based on annual reviews that have occurred since that experience study.

### Discount Rate

The discount rate used to measure the total OPEB liability for RHBF was 3.5%. The projection of cash flow used to determine the discount rate assumed that contributions from employers would be made at the current statutorily determined contribution rate. Based on the above assumptions, the plan's fiduciary net position was not projected to be available to make projected future benefit payments of current plan members. As a result, a municipal bond rate of 3.5% was used as the discount rate used to measure the total OPEB liability. The 3.5% rate is based on the Bond Buyer 20-year General Obligation Index as of June 30, 2019.

The discount rate used to measure the total OPEB liability for DIPNC was 3.75%. The projection of cash flow used to determine the discount rate assumed that contributions from plan members would be made at the current contribution rate and that contributions from employers would be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Sensitivity of the net OPEB liability to changes in the discount rate. The following presents the net OPEB liability of the plans at June 30, 2019, as well as what the plans' net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate (dollars in thousands):

# RHBF net OPEB liability

	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
	\$504,603	\$424,621	\$360,579
DIPNC net	OPEB asset		
	1% Decrease	<b>Current Discount Rate</b>	1% Increase
	(2.75%)	(3.75%)	(4.75%)
	(\$490)	(\$578)	(\$664)

Sensitivity of the Net Pension Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the plans, as well as what the plans' net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage-point higher than the current healthcare cost trend rates:

# RHBF net OPEB Liability

1% Decrease	Current Healthcare Trend Rate	1% Increase
(Medical - 4.0 - 5.5%	(Medical - 5.0 - 6.5%	(Medical - 6.0 - 7.5%
Pharmacy - 4.0 - 8.5%	Pharmacy - 5.0 - 9.5%	Pharmacy - 6.0 - 10.5%

(\$579)	(\$578)	(\$577)

### Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the Board recognized other postemployment benefits expense of \$(49,944). At June 30, 2020, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Employer Balances of Deferred Outflows of Resources and Deferred Inflows of Resources Related to Other Postemployment Benefits Plans by Classification

	RH	BF	DIPNC			
	Deferred	Deferred	Deferred	Deferred		
	Outflows of	Inflows of	Outflows of	Inflows of		
	Resources	Resources	Resources	Resources		
Difference between actual and expected experience	\$ -	\$ 21,406	\$ 591	\$ -		
Changes of assumptions	20,409	127,660	64	59		
Net difference between projected and actual earnings on OPEB plan investments	283	-	110	-		
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	143,363	212	-		
Employer contributions subsequent to the measurement date	17,220		266			
	\$ 37,912	\$ 292,429	\$ 1,243	\$ 59		

The amount reported as deferred outflows of resources of \$17,220 and \$266 related to RHBF and DIPNC, respectively, will be included as a reduction of the net pension liability in the fiscal year ending June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to RHBF and DIPNC will be recognized in other postemployment benefit expense as follows:

Years Ending June 30:	RHBF	D	IPNC
2021	\$ (85,462)	\$	367
2022	(85,462)		179
2023	(85,421)		135
2024	(18,180)		89
2025	2,788		120
Thereafter	<u> </u>		28
	\$(271,737)	\$	918

Amount of the Employer's Balance of Deferred Outflows of Resources that will be Included as a Reduction of the Net Other Postemployment Benefits Liability in the Fiscal Year Ending June 30, 2021:

Deferred Outflow Amount	RHBF \$ 17,220	DII	PNC 266
Changes in Long-Term Liabilities and Assets			
	RHBF Net OPEB Liability	Net	PNC OPEB sset
Balance July 1, 2019	\$ 387,347	\$	419
Additions	37,274		159
Deletions	-		-
Balance, June 30, 2020	\$ 424,621	\$	578
Due within one year	\$ -	\$	-

### **NOTE 7 - OPERATING LEASES**

The Board has a building lease through October 31, 2020. The lease rates are subject to the Consumer Price Index increase not to exceed 1.5%. As of June 30, 2020, the required monthly lease payment is \$5,099.

Total lease expense under operating leases charged to operations was \$60,887 and \$64,062 for the years ended June 30, 2020 and 2019, respectively. Future minimum rental payments under the lease at June 30, 2020:

Years Ending June 30:		
2021	9	20,396

### **Notes to Financial Statements**

### **NOTE 8 - RISK MANAGEMENT**

The Board is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees; and natural disasters. Tort claims of Board members are self-insured by the State under the authority of the State Tort Claims Act. Additional coverage is provided to the Board under the State's public officers' and employees' liability insurance contract with a private insurance company. The Board also protects itself from exposures to loss through the purchase of commercial insurance, of which coverage includes building and contents, commercial liability, directors' and officers' liability, workers' compensation and employers' liability.

### **NOTE 9 - CONTINGENT LIABILITIES**

The Board is involved in a number of disciplinary hearings throughout the year which arise in the ordinary course of its operations. In the opinion of management, the results of such actions during the years under audit do not materially affect the financial position of the Board at year-end.

### NOTE 10 - RELATED PARTY TRANSACTION

The Board pays fees to a family member of its staff related to janitorial services which amounted to \$3,150 and \$4,200 for the fiscal years ended June 30, 2020 and 2019, respectively.

# **NOTE 11 - RECLASSIFICATIONS**

Certain balances as previously reported have been reclassified to be consistent with those classifications used in the current year.

### NOTE 12 - SUBSEQUENT EVENTS

Management of the Board evaluated subsequent events through October 5, 2020, which is the date the financial statements were available to be issued. Management discovered no other subsequent events which should be disclosed other than noted below.

On September 28, 2020, the Board entered into a new operating lease for office space in a new building. The lease commences on October 1, 2020 with a term of five years terminating on September 30, 2025. The lease requires monthly payments of \$1,969 which increase at a rate of 3% annually. The Board has the option to renew the lease for an additional three year period.

The Board's operations may be affected by the ongoing pandemic; however, the ultimate disruption to operations is uncertain. The Board will continue to monitor board operations to remain in compliance with North Carolina Governor Cooper's orders regarding the pandemic.

The audit was conducted in approximately 95 hours at a cost of \$12,200.
